MİSYON - VİZYON  
MISSION - VISION

Ürün kalitesinde malzeme kadar işçiliğin de önemli olduğunu bilen METALAND; üretim sürecinin her bir aşamasında son derece titiz bir çalışma yürüterek kaliteden taviz vermeden ekonomik üretim yapmayı başarmış ve bu avantajını müşterilerine yansıtmıştır. Hızla gelişen teknolojiye ayak uydurmak için yeniliklere açıktır. Doğruluk ve güvene değer verir.

Temel kalite politikası çerçevesinde oluşturduğu yönetim ve üretim stratejilerinin ışığında ürettiği ürünleri ile ileri ve saygın bir kuruluş olarak sektöründe; lider kuruluşlar arasında yer almak, kalitede referans olmak, son teknolojinin takipçisi olmak, modern çizgisiyle tasarım ve estetikte öncü olmak hedefidir. En konforlu yaşam biçimlerini, üretim teknolojisi ile sıradanlıktan uzak ve farklı estetik tarzıyla siz değerli müşterilerine sunar. Müşterilerinin değişen ihtiyaçlarının farkında olarak, öncü ve yaratıcı çözümler sunmaktadır.

Firmamız 2014 yılında faaliyete başlamış olup, yüksek kaliteli metal mamul üretiminde uzmanlaşmıştır. Metal aksesuar, metal mobilya aksamları ve tel grubu ürünler, bitmiş mobilya olarak; masa, sandalye vb. metal bazlı ürünler üretilmektedir. Şu an mevcut 6000 m<sup>2</sup> kapalı alanda metal ve tel grubu ile üretime devam eden firmamız, 4000 ton/yıl şekillendirilmiş sac, 2000 ton/yıl şekillendirilmiş boru profil, 8000 ton/yıl soğuk haddelenmiş sac işleme ve 24.000 ton/yıl tel üretim kapasitesine sahiptir. 2021 yılı sonunda yapmış olduğu ilave yatırım ile kapalı alanını 20.000 m<sup>2</sup>'ye çıkarmış olacaktır. Firmamızın bu ek yatırım ile birlikte boru lazer ve diğer tesis makinelerinde devreye alınması ile birlikte hem kapasitesi hem de üretim kabiliyeti daha da artacaktır.

Mevcut makine parkurumuzda lazer kesim makineleri, dik işlem üniteleri, çeşitli tonajlarda presler, tel işleme makineleri, boru ve profil büküm makineleri, tel büküm ve işleme makineleri, tel kesme doğrultma makineleri, tel çerçeve kaynak ünitesi, otomatik tel işleme makineleri, kaynak robotları, koordinat punta kaynak robotları, tam otomatik elektrostatik boya hattı ve tam otomatik kaplama tesisi mevcuttur.

Makine yoğun yüksek kapasiteli üretim sistemi ile üst seviye kalite anlayışını benimsemiş olan firmamız yurtdışında ağırlıklı olarak Avrupa ülkelerinde faaliyette bulunan firmalar ile yurtiçinde de sektöründe önde gelen sayılı kurumsal firmalar ile çalışmaktadır.

Product quality depends as much on the workmanship as on the quality of the material. Being aware of that, Metaland has achieved economic production by working laboriously at every stage of the production process without compromising quality and has reflected this advantage to its customers. It pursues innovation to keep up with rapidly changing technology. Values honesty and trust.

With products manufactured in the light of management and production strategies implemented within the framework of its fundamental quality policies, Metaland, aims to be among leaders of the industry, to be a reference in quality, to be a pioneer in design and elegant touch. Being aware of its customers changing needs offers creative and pioneering solutions.

In service since 2014, our company specializes in the production of high-quality metal products. We manufacture metal furniture parts, metal accessories and wire products. As finished products, we offer tables, chairs, patio furniture and similar metal-based furniture.

Within a 6000 m<sup>2</sup> production area, our factory has a production capacity of 4000 tons/year of shaped sheet metal, 2000 tons/year of shaped tube profile, 8000 tons/year of processed cold-rolled sheet metal and 24.000 tons/year of fabricated wire. With the investment made at the end of 2021, the production area will reach 20.000 m<sup>2</sup>. With that investment, putting into operation tube-laser cutting and other facilities and machines, our capacity and capabilities will increase even more.

In our current production line, we operate laser cutting machines, vertical processing units, press with various tonnages, wire processing machines, tube and profile bending machines, wire bending and processing machines, wire cutting and straightening machines, wireframe welding machine, automated wire reworking machines, welding robot, coordinate system spot welding robots, fully automated electrostatic powder coating plant and fully automated plating plant.

On an international scale, our company with a machine-intensive high-capacity production system and with quality-oriented philosophy, cooperates largely with companies operating in European countries and with local industry-leading corporations.
